

## Hurricane Guidelines

*(Revised November 13, 2020)*

1. Remove any possible projectile [including but not limited to all outdoor furniture, decorations, planters, etc.] from patios, lanais and roof decks when a hurricane or tropical force winds are forecasted.
2. The above items must be removed before leaving for the season.
3. The Association Clubhouse will be secured and must not be used as a storm shelter.
4. Association Management will abide by all official island evacuation orders, and the Association assumes no responsibility for residents who remain in violation of an evacuation order.
5. The Association relegates all responsibility for notification of threatening weather and evacuation orders to the proper authorities.
6. If an official evacuation is ordered, all utilities to the island are typically suspended.
7. Refer to the Charlotte County Disaster Guide for more information.
